COUNTY NEWS IN REVIEW

It's Fiesta Time—

With the opening parade and fandango festivities surpassing even the greatest hopes of the Junior Chamber of Commerce sponsors, the county this week went into a final three-day flurry of activity in preparation for opening of the fiesta at Bay Meadows tomorrow.

The annual Fandango and Carnival was given its starting impetus Monday before thousands of spectators who lined San Mateo and Burlingame streets to watch the colorful parade which stretched blocks long at the opening of the fun fiesta.

Ten Million Dollar Job—

Western Pipe and Steel company in South San Francisco was awarded a $10,635,000 contract for the building of five cargo ships for the U. S. maritime commission last week.

Approximately 3000 men will be needed for the actual shipbuilding which will probably start by the first of the year. In the meantime from 200 to 400 men are expected to be added immediately to Western's personnel to work on preliminary projects. Warehouses and offices must be erected at an estimated cost of $200,000, ways must be constructed and the deep water channel dredged.

91 Here—103 in L. A.!—

San Mateo county was experiencing the worst heat wave of the year this week with thermometers hovering around the 90 and 95 marks in most parts of the county. As the mercury soared up to 93 degrees at Mills Field Sunday, 94 in Woodside and 95 in Redwood City, the weather man held little hope of immediate relief.

Meantime Southern California experienced its most severe heat wave in more than a quarter of a century when the temperature in

A. J. BODIEN DESCRIBES NEW MASTER METER

Will Meter All Public Parks And Civic Buildings

To measure more accurately the water consumed in Daly City and to effect a substantial saving to the city, a master meter has been purchased by the Daly City Municipal Water Works for the pump house at Citrus avenue, according to an announcement made today by A. J. Bodien, water superintendent.

The meter will be installed some time within the next two weeks, the superintendent stated. All public parks and other civic buildings will also be metered.

The master meter will be attached to the main pipe through which all the water used in town flows and will register accurately the number of gallons pumped each day, according to the city engineer, Julius F. Castelan.

Whole Community Plans To Participate In Activities

Outline Program Of Events At Monday's Meet

Program for Daly City Day at the Fair, Sunday, October 22, was whipped into shape Monday evening at a general committee meeting held in the city hall. H. G. King, committee chairman, tentatively outlined the activity schedule for the day as follows:

12 o'clock noon—

Parade to include band, marching uniformed units, Daly City Juvenile drill team, and other groups.

2 p. m.—

Introduction of city officials, school and civic leaders, local and guest dignitaries.

4 to 8 p. m.—

Entertainment programs by Daly City Band under direction of George Brenner and Indians of Rhythm under direction of Dante P. Lembi.

8 p. m. to midnight—

Dancing to music of local ten-piece union orchestra.

Price of adult admission to the fair will be 40 cents. High school students will be admitted for 25 cents, and children under 12 for 10 cents. The general committee has ordered 3000 adult souvenir tickets on consignment. These are the 40 cent tickets. If fair-goers wait till they go to the island to buy tickets the regular 50 cent admission price will be charged. Parade and entertainment participants will be issued free passes.

Gold ribbons with "Daly City Day at the Fair" imprinted in blue ink will be sold locally for 10 cents. Besides marking the purchasers as Daly City representatives, the ribbons will allow free admission to the evening dance. Only persons wearing ribbons will be permitted on the ballroom floor.

Tickets and ribbons will be available Friday evening when the general committee meets again at the city hall. They will then go on sale at the water office, real estate offices of Mayor Paul G. Selmi and Councilman J. J. Fahey. Tickets and ribbons will also be handled by organizational representatives.

Local Inventors Apply for Patent

A machine which will process half soles at the rate of 960 an hour, saving hundreds of hours of time for shoe repair shops, has recently been perfected by Leo Kellejian, proprietor of American Shoe Shop, 6274 Mission street, and Charles Axt, local glass man.

The two inventors estimate that the machine can do the work of 20 men each hour. The processing of half soles, a necessary procedure in shoe repairing, is usually done by hand.

Patents have been applied for, and a working model has been installed in Kellejian's store. The public is wecome to watch the machine work.

UNUSUAL THIEF INVADES HOMES OF RESIDENTS

Police Chief Hilton Calls Burglar "Most Accomodating"

"Most accomodating thief I ever heard of," was the comment of Police Chief A. L. Hilton Monday in discussing the burglar who Thursday night thoroughly ransacked the home of Mrs. De Ram, 164 Miriam street, warmed up and ate a can of beans, took a nice long nap in the bed, changed his socks and quietly left, taking only eleven clean pairs of socks with him.

Two twenty-dollar gold pieces, silverware, jewelry and other items of value were untouched.

The robbery was reported to the police Friday afternoon by Marcel Dardi, son-in-law of Mrs. De Ram, who has been making daily visits to feed the chickens and rabbits during Mrs. De Ram's absence on a visit. Police found that the house had been forcibly entered through a window, with marks of what appeared to be a large screwdriver plainly apparent.

Fingerprints were badly smeared. The house had been completely searched, with none of the little nooks and crannies overlooked, although nothing of value was missing.

Daly City's mysterious thief is comparable to the "lootless burglar" who has been ransacking homes down the Peninsula for the last two weeks. San Bruno police are seeking a man who entered two homes there Sunday after-

Cutler Proclaims October 22 Date For Fete

Leland Cutler, president of the Golden Gate International Exposition, doffed his hat to Daly City today and officially proclaimed Sunday, October 22, Daly City Day at the World's fair.

Mr. Cutler's proclamation came on the heels of negotiations between city officials and civic leaders and fair representatives. Plans for Daly City Day at the Fair were first talked of last May when Dante P. Lembi's Indians of Rhythm from Jefferson Union high school, Miss Rose's juvenile drill team and other local entries in San Mateo County Day at the Fair proved sensationally popular hits.

On call of the city council, Tuesday evening of last week, 31 or-

City Officials Attend Municipalities Meet

Mayor Paul G. Selmi, City Engineer Julius F. Castelan, and possibly some of the councilmen will represent Daly City at the League of California Municipalities convention in Oakland this week, it was learned today.

More than 285 California cities will be represented at the conclave. Problems relating to civic government will be discussed and exhibits from various cities will be on display.

Highlight of the convention is expected to be a talk on "Gasoline Money" by L. B. Campbell of the State public works department.

Daly City will also be represented at the Pacific Coast Building Officials conference in Oakland, October 3-6, where 257 coast cities who have adopted the Uniform Building Code will meet to discuss mutual building problems.

Sow Grass Seed At Vista Grande

More than 1000 pounds of grass seed will be sown immediately at Vista Grande park starting this week, according to an announcement made today by City Engineer Julius F. Castelan. Called the "Golden Gate Park Mix," the seed is the same variety as that used so successfully in San Francisco's famous playground.

The city engineer also stated that a thousand young geranium shoots had been donated by Mount Olivet Memorial park and Cypress Lawn cemetery for the landscaping of Vista Grande park. The city council at its regular meeting last Monday night expressed their public appreciation and asked City Clerk B. C. Ross to write a letter of thanks.

In the street department, catch basins have been cleaned, prep-

EXPECT 60000 TO ATTEND FIESTA-RODEO

Thrilling Wild West Events To Add To County Festivities

With more than 60,000 spectators expected, workmen today rushed last-minute construction and decoration of booths for San Mateo county's four-day fiesta and rodeo opening tomorrow at Bay Meadows.

A mammoth $50,000 flower show, which has more than a mile of display covering nearly five acres of ground, four rodeo contests which have drawn top ranking champion entrants, an auto show display of 1940 models and the sportsmen's show and wild life exhibit constitute the major attractions of the program.

More than 200 head of the roughest, toughest rodeo stock in the world was promised for the San Mateo County Fiesta and Rodeo by Harry Rowell, sensational rodeo producer who arrived at the county fair association offices early this week to make final arrangements for the thrilling event.

During the four day Fiesta, September 21 to 24 at Bay Meadows, there will be four rodeo contests open to all the world and attracting top ranking champions competing for $1,800 cash awards.

Rowell expects upwards of 200 riders, ropers and bulldoggers to enter the four performance contests, scheduled for Friday evening, September 22, Saturday afternoon and evening, September 23, and Sunday afternoon, September 24.

"Dress Up For Fiesta" Requests Mayor Selmi

"The Board of Directors of the San Mateo County Fair association has designated both the Spanish and Western costumes as the official fiesta dress," announced Mayor Paul G. Selmi today.

In keeping with the spirit of this annual county affair Mayor Selmi issued the following proclamation:

"San Mateo County Fiesta-Rodeo, opening at Bay Meadows Thursday and running through Sunday, has proven in past years to be the outstanding fall county event. Thousands of visitors come from all over the world to see our displays of flowers, produce, and the horse show.

"It's a festive occasion for home folk and visitors alike—one that calls for costume, music, and fun.

"Do your part to make this year's fiesta another great success. DRESS UP and GO!"

New Equipment Added To City Clerk's Office

In line with progress in other city departments, the office of the city clerk last week acquired a new typewriter and adding machine. The new equipment will greatly increase the ease and efficiency with which the large volume of public business transacted there can be handled.

It is also hoped to have some much-needed new files installed in the office in the near future, according to B. C. Ross, city clerk.

TO SHOW NEW 1940 MODELS AT FIESTA

Auto Display To Be Highlight Of Four-Day Event

A "scoop" in the automotive field was scored today by the San Mateo County Fiesta association and a committee of county automobile dealers with the announcement that an auto show displaying 1940 models would be held as part of the Fiesta and Rodeo at Bay Meadows, September 21 to 24.

Leading makes will be represented displaying three new models each.

The show which will continue from Thursday night, September 21 through Sunday night, September 24, will be housed in a huge tent at the north end of the Bay Meadows grandstand.

A program of entertainment is planned for each night and the committee has arranged an award of an auto radio nightly during the four day event.

Daly City dealers today urged local residents to attend the auto show, keeping in mind that "Daly City's Auto Row" can give a better deal. Leading makes of automobiles are represented here by six progressive agencies.

The 1940 Plymouth cars are now on display at Mission Auto company, James E. Donahue, and Pantaleoni brothers showrooms. The new Buicks go on display at Belli Motor company September 22, the 1940 Studebaker Champion can now be seen at the showrooms of Wm. J Sweeney. The 1940 Ford V-8's will be on display at the National Auto company, September 29. De Soto, Dodge and Chrysler 1940 models will soon be on display at local showrooms.

U. S. Marine Corps Needs 7000 Recruits

Vacancies for approximately 7000 men now exist in the U. S. Marine Corps, following President Roosevelt's recent decision to increase to a peace-time strength of 25,000, according to William H. McCarthy, postmaster.

Qualified men are now accepted immediately. Applicants for first enlistment must be between the ages of 18 and 30. The maximum age for ex-service men is 35 years. All enlistments are for a term of four years.

Additional information may be obtained at the Marine Corps recruiting station, 46 Federal Office building, San Francisco.

Forty-three CCC Camps Operate in California

Forty-three camps of the Civilian Conservation Corps will operate in Federal and State forests of California this winter it was announced at U. S. Forest Service headquarters today.

Again this year the CCC has aided in the prevention and control of forest fires, flood and soil erosion control projects, construction and maintenance work, recreational development, forest insect and disease control work, wildlife conservation jobs and other worthwhile measures, it was stated.

Lollypop Monopoly

Accusing six companies of acting in concert to monopolize 70 per cent of the trade, the justice department's anti-trust division broke up a "trust" in lollypop sticks by procuring a consent decree in a New York Federal court. Government figures showed that lollypop consumption creates a $5,000,000-a-year business in the wood sticks alone.

Wide-Spread Fires May Close Forests

"The State has been going through its worst fire season since the summer of 1924," Regional Forester S. B. Show declared in San Francisco this week as he announced that the U. S. Forest Service may consider closing national forests to the public unless more general rains reduce the present extreme fire danger.

"Nine out of ten fires throughout the State this summer have been man-caused," he continued. "Therefore, forest closures would reduce considerably the number of blazes. We don't like to put any sort of a penalty on the many careful sportsmen and recreationists but if rains don't continue, it may be the only means of controlling the few forest visitors who are careless with fire."

Mr. Show said that any forest closures would be announced publicly at the earliest possible date before they become effective.

In all national forests open to use, a campfire permit, available free of charge at any ranger station and forest headquarters, is required of each camping party. Smoking is prohibited except in camps, at places of habitation and in specially posted smoking areas.

New Talent Joins Indians of Rhythm

Drummers, guitar players, a girls' octet and a cowboy band are only a few of the new musical headliners already unearthed this year by the Indians of Rhythm, Jefferson Union high school's famous dance band.

New talent is plentiful, according to Dante P. Lembi, local language instructor who directs the group in his spare time. There is keen competition among high school students to belong to the swing band which last year crashed Stanford and Treasure Island, and have this year been especially invited to return to the Exposition as a leading feature of Daly City Day at the Fair.

Man's Body Found On Near-By Beach

The body of an unidentified man between 60 and 70 years of age was found Sunday on a ledge between Thorton Beach and Mussel Rock. He had been dead approximately two months.

Apparently the victim of a fall, he was found at a spot about 150 feet from the road by Joseph Tillbeck, 75 Buena Vista avenue, San Francisco, who was swimming in the surf below the cliff.

The find was reported to Daly City police, and the body was taken to W. C. Lasswell and company, 6154 Mission street.

Chief means of identification, according to the local morticians, is the fact that the man's foot had been amputated about three inches above the ankle, and replaced with an artificial one.

WHY TORMENT BUILDERS?

Daly City building contractors are faced with a serious problem. During the past year it is estimated that neighborhood children have defaced and damaged buildings under construction to the extent of hundreds of dollars. Electrical wiring has been cut, plumbing fixtures damaged, walls and floors marred, tools carried away by these irresponsible juveniles.

In an attempt to curb this destruction, The Record last May was instrumental in having passed City Ordinance No. 222 prohibiting entry into buildings under construction. Building sites were policed and the ordinance improved the situation temporarily. This month, however, builders report that juveniles are again committing serious offenses.

THESE MALICIOUS ACTS COMMITTED BY IRRESPONSIBLE CHILDREN MUST STOP! Home building is Daly City's most important industry. This business, grossing a half-million dollars annually, brings employment to hundreds of local men. It is the life blood in the development of this community. Building interests are to be encouraged, not discouraged.

The Record proposes a three-point plan to solve this problem:

1. Strict enforcement of Ordinance No. 222 and arrest of all violators.
2. Holding parents responsible for full extent of damage done by offending juveniles.
3. Requiring offenders to report to the recreation department where their leisure time energies can be directed in wholesome, constructive channels.

Author Assails "Ham And Eggs" Plan As Racket

Noted Calif. Writer Calls Scheme "Gold Brick" Phantasy

By KATHLEEN NORRIS

Two men started the "Ham and Eggs" idea. Their names are Roy G. Owens and Will H. Kindig.

Fattening upon the pathetic credulity of California's aged and poor and dependent, these promoters established a cent-a-day charge for members of their society. It doesn't sound like much. But last year when this measure was first placed before the voters those pennies, according to the promoters own statement, amounted to more than $72,000.00 a month!

That ought to make the old-fashioned dealers in gold bricks and walnut shells writhe in their graves with envy.

If the act passes, dictatorial powers are placed in the hands of one of these two men. With unbelievable audacity they have made that one of the clauses of the measure. This man would have greater authority than the governor. California's public funds, more than seven hundred million dollars annually, would be placed in his hands.

He proposes to flood the state with paper money to carry on this frenzy of waste. Such paper money, to be known as "warrants," would naturally have no real value, and yet, so tremendous is the power that this dictator proposes to assume that he could actually force its acceptance, at least for the payment of taxes.

Only the desperation of poverty and old age could have given this preposterous scheme the headway it has already gained. And yet, poverty and old age would be far more heavily taxed for it than any other class. Such help as is being given our dependent people now would automatically stop, and the chaos of a demoralized currency would bear heavily upon every wage-earner in the state. The estimated tax on every employed worker in California would run more than $50.00 a month.

The "Ham and Eggs" act would result in incalculable hardship, suffering, confusion and waste for California. It would bring comfort and security to nobody.

Nobody, that is, with the exception of Roy G. Owens and Will H. Kindig.

CCPT Opposes "Ham and Eggs"

Significant action on "Ham and Eggs" was taken at the first official meeting of Seventeenth district CCPT, Friday, when members voted to go on record as vigorously opposing the California Life Retirement Plan because it believes the act would destroy the financial structure of the State, thus jeopardizing the schools, and that it would create a dictatorship.

"Old Verities Under a New Pattern," was the subject chosen by Elsie Toles, instructor at the San Jose State college, when she spoke to the gathering of parents and teachers at the annual School of Instruction.

Mrs. B. D. Ralston, president, introduced the following district directors, all of whom are vice-presidents: Mrs. George Bruns, Mrs. J. M. Foley, Mrs. B. E. Myers, Mrs. L. H. Bissett, Mrs. F. M. Stanger, Mrs. Charles J. Ledwith and Mrs. L. G. Evans. Next the elected officers were presented: recording secretary, Mrs. M. A. Hinrichs; corresponding secretary, Mrs. L. D. Brown; financial secretary, Mrs. F. L. Enoupfer; treasurer, Mrs. L. H. Rankin; auditor, Mrs. Decima Allen; historian, Mrs. J. H. Haight; parliamentarian, Mrs. A. S. Kalenborn.

Mrs. Frank Hunt, music chairman and Mrs. O. D. Pauw led in community singing of the new PTA songs.

Mrs. J. M. Foley, whose department was in charge of the day's program, introduced her co-chairmen: Mrs. Helen Gothan, association standards; Mrs. C. N. Underwood, emblems; Mrs. M. J. Phillips, publications and exhibits; Mrs. T. F. Lofberg, magazines; Mrs. O. D. Pauw, finance and budget.

Night Owls Dance Complete Sell-Out

A complete sell-out was the final score Saturday night at Lovchen Gardens, Colma, where the Night Owls club held its third big dance of the season.

"Biggest crowd yet," "Swell time," "What music!" "Let's go again, honey," were only a few of the remarks heard by the Record reporter as gayly-dressed throngs streamed out of the door. Two other dances held the same evening, one in Excelsior and one in South San Francisco, were unable to deflect the crowds from the Night Owls party.

Next dance sponsored by the Night Owls will be given Saturday evening, October 7, also at Lovchen Gardens. Those who have not yet attended are especially invited to join the fun.

Jeffs Lose 21-6 To Tamalpais High

Two touchdowns on the first four plays set the fast pace that continued throughout the Jefferson-Tamalpais game on the Jefferson gridiron Friday.

Tamalpais scored on the second play and converted on the third. The fourth, a reverse tackle and a pass to Guisti. found Guisti running 85 yards to a touchdown for the Jeffs. The attempt to convert failed.

Tamalpais scored in the second and third quarters, and converted both times. Score: 21-6.

Tamalpais, last year's North Bay champions, have a higher average player weight than the Jeffs and only stubborn resistance by Jefferson, playing a good defensive game, kept the score down.

William Wallace gave a play by play description over the public address system.

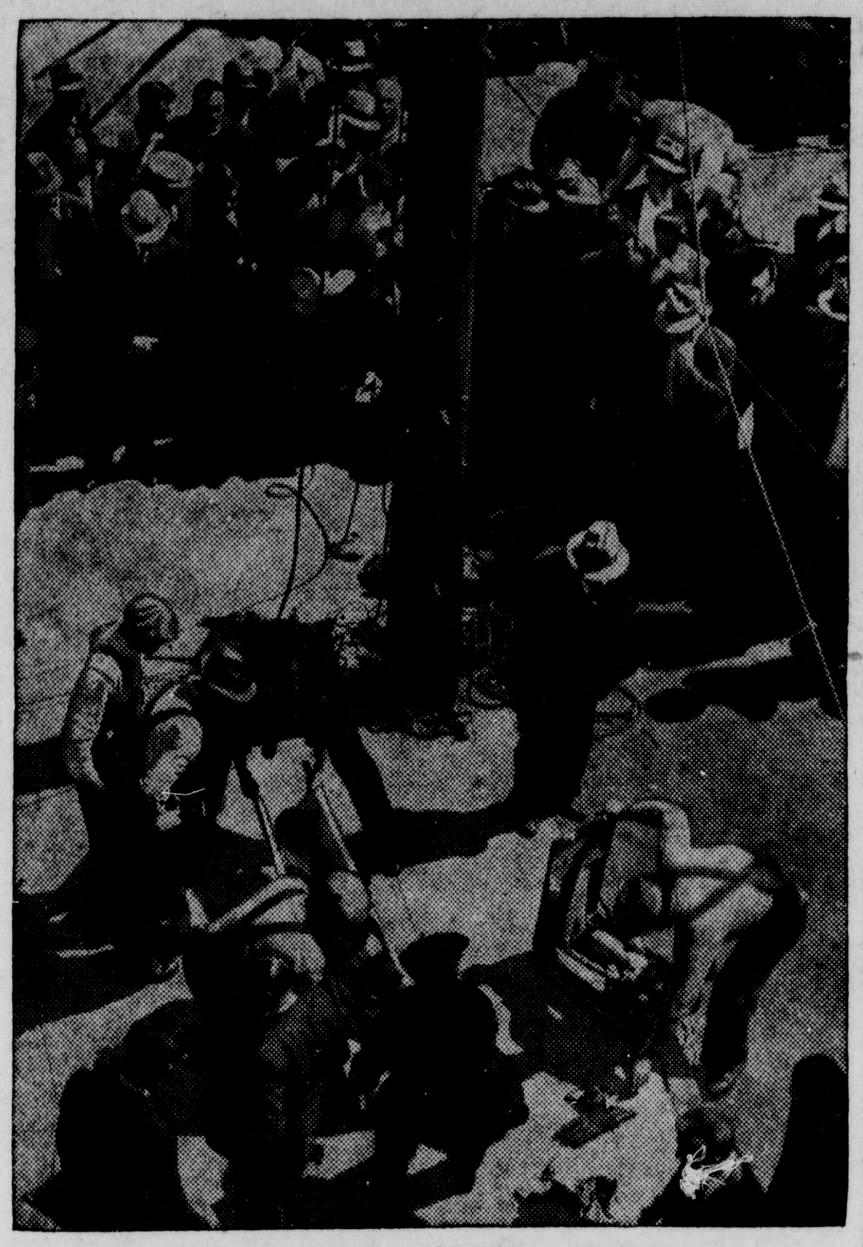
Local Man Killed



Sam Hickey Victim of "Hot" Wire Despite Courageous Rescue Attempt

A courageous rescue attempt by his friend and fellow worker failed to save the life of Sam Hickey, 32-year-old Pacific Gas and Electric company lineman, when he became entangled in heavily charged electric wires near the top of a power pole Thursday. Twenty-three hundred volts of electricity passed through his body.

The two friends, Harold Bohn, 444 Bellevue avenue, and Hickey, whose home was at 462 Bellevue, were removing wires at the intersection of Filbert street and Columbus avenue Thursday morning, when Hickey suddenly ceased talking.

Bohn looked up. He saw a flash and his pal stiffened and fell across the "hot" wire. Bohn climbed the pole, grabbed for him with his heavy gloves, daring the same searing shock.

For an instant they swayed on the pole top. Then Harold Bohn eased him down the pole on a rope. Neighbors who had seen the tragedy telephoned for an ambulance and a priest. Hickey was dead.

The pulmotor squad from Harbor Emergency hospital applied artificial respiration for two hours without success. (See above picture).

For the first time in many months, Bohn returned home a-

COMMUNIST PARTY ENDORSES HAM AND EGGS

The Communist Party, through its State Executive Committee, has formally endorsed the 30-Every-Thursday pension plan.

Read what it says: *"The Communist Party believes that all progressive-minded people, regardless of their views on the workability of the Ham and Eggs plan, should support its passage."*

American citizens: Stop, Look and Listen!

THE COMMUNIST PARTY IS PLEDGED TO THE OVERTHROW OF AMERICAN GOVERNMENT. It is committed to a program of sabotage and class warfare. It will use any means at its command to destroy confidence in American government and American institutions.

Communist agents, in every section of California, are militantly campaigning for Ham and Eggs. WHY?

Professional promoters of the Ham and Eggs scheme, with its cleverly contrived plan for a STATE DICTATORSHIP, are boldly adopting Communist weapons and beating the toms-toms of class hatred. WHY?

CALIFORNIA MUST ANSWER!

Dont make the mistake of passing this off as a harmless, crack-pot scheme. It is a crafty, dangerous scheme that would *plunder California's public treasuries, bankrupt business, throw tens of thousands out of employment and play havoc with all branches of government.*

California Must Answer this brazen attempt of high-pressure promoters to make common cause with Communists against California government. And our answer must be an overwhelming "No" vote on the Ham and Eggs amendment.

DOROTHY LAMOUR AND JACK BENNY STAR WITH EDWARD ARNOLD IN "MAN ABOUT TOWN"

Lavish Comedy Opening Tomorrow At D. C. Theatre

Jack Benny, the master laugh-getter of the air lanes, makes another safari to the screen in the lavish new Paramount comedy with music, "Man About Town." With glamorous Dorothy Lamour and jolly, rotund Edward Arnold in co-starring roles, the most hilarious of Benny's screen offerings will be unveiled for local rib-tickling tomorrow at the Daly City theatre.

Produced on the very ultra of lavish scales by Arthur Hornblow jr., "Man About Town" sparkles with hilarious situations, bright dialogue, platoons of perfect Petty Girls, and three songs which are already marked for the hit class.

Among the big added attractions of the picture are the sensational dancing of "Rochester," who makes his screen debut with his radio chief in this picture. The "Rochester" dancing is said to be amazing, guaranteed to provoke laughter from any audience.

Companion feature on the new bill will be "Blind Alley," with Chester Morris, Ralph Bellamy and Ann Dvorak featured.

In the guise of a slave girl, appropriately shackled. Dorothy Lamour offers a song to "Sultan" Jack Benny in the lavish harem scene of "Man About Town," Paramount's new comedy with music which will open locally tomorrow at the Daly City theatre. Also in the cast of the picture are Edward Arnold, co-starred with Benny and Miss Lamour, while the supporting cast includes Binnie Barnes, Phil Harris, Betty Grable, Eddie "Rochester" Anderson, E. E. Clive and Matty Malneck and his orchestra.
